

Journalist Body Armour Protection Package

Kevlar body armour vest with front, back & side protection - specially designed for use by members of the press

This Kevlar body armour vest has been packaged to contain a NIJ level IIIA vest with side protection and 2 x NIJ IIIA + IV plates. These plates, when worn in conjunction with the NIJ IIIA vest give a protection level of NIJ IV.

This is a great value Ballistic Body Armour Vest, Ballistic Plate set, based on our popular Kevlar Body Armour Vest with the addition of "Press" in two inch high letters across the front and rear ballistic plate pockets.

Freedom of movement

The design of the adjustable shoulders and waist all contribute in removing any restrictions of movement when in tactical situations. This Kevlar Tactical Body Armour Vest also features quick release straps on each shoulder to aid in fast removal.

Optimum protection

The continuous front and rear panel design of this Kevlar Tactical Body Armour Vest ensures optimum protection to the front, back and sides of the torso.

The Kevlar Tactical Body Armour Vest has removable shoulder & collar protection also in protection level NIJ IIIA and the vest can be further armoured with the use of ballistic plates to give a protection level of NIJ IV.
