

## [Molle Kevlar Tactical Body Armour Vest](#)

### **NIJ IIIA protection from a custom Kevlar tactical body armour vest**

Our Molle Kevlar Tactical Body Armour Vest is the latest in our range of ballistic tactical body armour. Manufactured in the UK and based on the popular Molle system (now used throughout the world), it allows for the personalisation of each vest to suit the users own needs and roles.

Favoured by SWAT, Military, Police and Close Protection Units, the Molle Kevlar Tactical Body Armour Vest offers the ultimate Molle ballistic protection.

### **Airflow heat management**

Our Molle Kevlar Tactical Body Armour Vest features our airflow system, this makes wearing the vest in hot environments much more bearable. We recommend that our vests be worn in conjunction with under armour shirts to give a better feel and to aid in heat management.

Our vests are manufactured in the UK and conform with NIJ IIIA, STANAG 2920 and/or Home Office testing standards, HG2 (PSDB Ballistic Standard - Body Armour (1995)).

### **Molle Kevlar Tactical Body Armour Vest - Freedom of movement**

The design of the adjustable shoulders and waist all contribute in removing any restrictions of movement when in tactical situations. This Molle Kevlar Tactical Body Armour Vest also features quick release straps on each shoulder to aid in fast removal.

### **Optimum protection**

The continuous front and rear panel design of this Molle Kevlar Tactical Body Armour Vest ensures optimum protection to the front, back and sides of the torso.

### **Molle pouches**

The Molle Kevlar Tactical Body Armour Vest is available with a selection of Molle pouches. The Molle system allows for the fitting of a number of different pouches. Utility pouches and those for: grenades; magazines; hydration systems etc can be fitted at ease to personalise each tactical body armour vest to operational requirements.

All Molle pouches can be ordered separately to arrive with your vest. Molle pouches are only available in khaki or black at this time.
